AI Insights

Auto-generated from your data

Key Insights

- Total Year across the dataset is 158.6M, with an average of 2.0K per record across 78,309 entries.
- Values range from 2.0K to 2.0K, indicating a 0% spread relative to the mean.
- Total Hourly Rate across the dataset is 3.5M, with an average of 44.15 per record across 78,300 entries.
- Values range from 0 to 202.98, indicating a 460% spread relative to the mean.
- Total Regular Pay across the dataset is 3.2B, with an average of 41.2K per record across 78,309 entries.
- Values range from -18.0K to 190.3K, indicating a 505% spread relative to the mean.
- Year declined 0.0% from 1960-12 to 2025-12.
- Hourly Rate declined 26.2% from 1960-12 to 2025-12.
